Receiving/Transfer Terms:

1. Collectors Gun Shop will receive and transfer firearms purchased elsewhere as a courtesy to our customers. **Fee \$45.00, plus any applicable taxes, which includes receiving and PICS for single unit. Additional fees apply for multiple guns.** Collectors Gun Shop reserves the right to refuse shipments from certain shops/shippers at their sole discretion.
2. To take possession of the gun you must pass a PICS check. The gun will only be given to the person with whom this agreement has been executed. If you are unable to pass the Pennsylvania Instant Check System (PICS), Collectors Gun Shop will either ship the gun back [at your expense] or convert your purchase into a shop consignment [subject to normal consignment terms].
3. Upon examination of the firearm, should you wish to refuse acceptance, return shipping can be arranged at your expense. Any financial arrangements with the seller are your sole responsibility.
4. We strongly suggest you require your shipper to send the shipment in accordance with all laws and 'signature required' [many do not, to save a few bucks on the shipment]. Should they not, the package may arrive at our facility when we are not open. Should the package be left unattended and out in the weather, Collectors Gun Shop is not liable for any theft, damage or loss. Firearms must also be shipped with the sender's FFL copy; failure to do so may result in delay.

I agree to the above terms (signature): _____
